# COMMUNICATION *Letter*

February 7, 2023

## **We Are Proud to Announce our Partnership with LWM and the Launch of the First Drive Throw Concept Shop in Lebanon, at IPT Station Dekweneh**

**Drive Throw** opening was inaugurated on February 1st at IPT Station in Dekweneh, under the patronage and in the presence of His Excellency Dr. Naser Yasmine, Minister of Environment and His Excellency Mr. Georges Bouchikian, Minister of Industry, Dr. Toni Issa, President of the IPT Energy Center (IPTEC), in addition to the presence of Mr. Zakhia Issa, Chairman of IPT group, NGOs and the media representatives.

IPT decided to join Pierre Baaklini, owner of LWM, and support him in realizing this unique concept, launching the first "**Drive Throw**" branch on our IPT Dekwaneh station, under the slogan "**Turn Your Trash Into Cash**", aiming to expand this concept and its reach. The presence and support of

the Ministers of the Environment and Industry at the opening ceremony are a testimony to the importance of this project. We will be waiting for you to drive through our "**Drive Throw**" branch on IPT Dekwaneh and drop your recyclable waste, anything from plastic, nylon, aluminum, cork, paper, polyester, used cooking oil, and others. ## #Energy\_Library

The United Arab Emirates (UAE), India and France announced a trilateral initiative to launch clean energy projects, with a particular focus on solar and nuclear sources.

In a phone call on Saturday, the three countries' top diplomats agreed to work together on cooperative projects in the fields of energy, climate change and biodiversity, they announced in a joint statement.

They will expand their cooperation through initiatives such as the UAE-led Mangrove Alliance for Climate and the Indo-Pacific Parks Partnership led by India and France. It was agreed that the three countries should focus on key issues such as single-use plastic pollution, desertification and food security in the context of the International Year of Millets, the statement said. ### SAFETY TIPS FOR DRIVERS

#### CHANGE OR CLEAN THE AIR FILTER REGULARLY

Make sure the air filter is clean and replace it when needed to improve the engine's performance by 6% to 11% and thus to reduce both fuel consumption and pollution.
